Registration:

This is a free audio teleconference, please send completed registration forms by fax or e-mail and for more information contact:

> Kimberly Davis 2121 W. Taylor St. Chicago, IL 60612 Ph: 312-793-3306 Fax: 312-793-3304

Please return by:

Session I - December 9, 2004 Session II - January 4, 2005 (You may register for both sessions at the same time.)

Confirmation letters and all other communication for this teleconference will be through e-mail.

Participation is easy.

- 1. Designate a site representative.
- Complete the enclosed site registration form and return to the above address/fax number.
- Download the presentation from the website before the teleconference date.
- On the teleconference day, call into the toll free bridge number.
- 5. After the teleconference, each participant must complete an evaluation form on-line and print a CEU certificate.

Special Needs:

In compliance with the American with Disabilities Act (ADA), individuals requiring special accommodations must notify the NLTN office (phone or fax) no later than December 1, 2004.

Location:

Session I - (*MW3505*) Teleconference December 16, 2004 1:00pm—2:30pm (*EST*)

Session II - (*MW3605*) Teleconference January 11, 2005 1:00pm—2:30pm (*EST*)

FREE EDUCATION AVAILABLE AT YOUR WORKSITE!

Sponsors:

National Laboratory Training Network

A training system sponsored by the Association of Public Health Laboratories (APHL) and the Centers for Disease Control and Prevention (CDC).

> 2121 W. Taylor St. Chicago, IL 60612 Ph: 312-793-3306 Fax: 312-793-3304

Events are presented in cooperation with the state public health laboratories in Iowa, Illinois, Indiana, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Oklahoma, South Dakota, Texas, and Wisconsin.

Sessions I & II

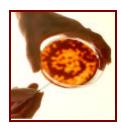

Audio Teleconference

Session I - December 16, 2004 1:00p.m. - 2:30p.m. EST Session II - January 11, 2005 1:00p.m. - 2:30p.m. *EST*

Sponsored by:

National Laboratory Training Network in cooperation with the state public health laboratories in Iowa, Illinois, Indiana, Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Oklahoma, South Dakota, Texas, and Wisconsin.

Program

This program will review specimen collection, transport and algorithms for culture workup for complex culture types such as sterile body fluids, respiratory cultures, urine, wound, genital, and stool specimens. The importance of the clinician/laboratory interface will be addressed.

At the conclusion of this program, participants will be able to:

Session I

- Review collection and transport procedures for blood, urine, CSF, and other sterile fluid specimens submitted for microbiological culture.
- Summarize appropriate algorithms for culture workup of blood, urine, CSF, and other sterile fluid specimens.
- Correlate culture types with clinical relevance.

Session II

- Review collection and transport procedures for wound, stool, respiratory, and genitourinary specimens submitted for microbiological culture.
- Summarize appropriate algorithms for culture workup of wound, stool, respiratory, and genitourinary specimens submitted for microbiology culture.
- Discuss the importance of the clinician-laboratory interface.

This intermediate/advanced level program is appropriate for laboratory testing personnel in clinical, reference, and public health laboratories.

Agenda

Session I	December 16, 2004	
1:00p.m.	Overview of Specimen Collection, Transport, Culture Workup Issues	Dr. Verma
1:15p.m.	Blood Cultures Specimen Collection and Culture	Dr. Verma
1:30p.m.	CSF Specimen Collection and Culture	Dr. Carroll
1:45p.m.	Other Sterile Fluids: Specimen Collection and Culture	Dr. Carroll
2:00p.m	Urine Specimen Collection and Culture	Dr. Carroll
2:15p.m.	Discussion, Question/ Answer	
2:30p.m.	Adjourn	
Session II	January 11, 2005	
Session II 1:00p.m.	January 11, 2005 Overview of Specimen Collection, Transport, Culture Workup Issues	Dr. Verma
	Overview of Specimen Collection, Transport,	Dr. Verma
1:00p.m.	Overview of Specimen Collection, Transport, Culture Workup Issues Wound Specimen	
1:00p.m. 1:05p.m.	Overview of Specimen Collection, Transport, Culture Workup Issues Wound Specimen Collection and Culture Stool Specimen Collection	Dr. Verma
1:00p.m. 1:05p.m. 1:25p.m.	Overview of Specimen Collection, Transport, Culture Workup Issues Wound Specimen Collection and Culture Stool Specimen Collection and Culture Respiratory Specimen	Dr. Verma
1:00p.m. 1:05p.m. 1:25p.m. 1:40p.m	Overview of Specimen Collection, Transport, Culture Workup Issues Wound Specimen Collection and Culture Stool Specimen Collection and Culture Respiratory Specimen Collection and Culture Genitourinary Specimen	Dr. Verma Dr. Verma Dr. Carroll

Speakers

Karen C. Carroll, M.D.

Dr. Carroll is an Associate Professor of Pathology and Medicine at the Johns Hopkins University School of Medicine and the Director of the Microbiology Laboratory for the Johns Hopkins Hospital. Her background is in Infectious Diseases and Diagnostic Microbiology.

Punam Verma, PhD, MT(ASCP)

Dr. Verma is an Assistant Professor in the Department of Pathology at Rush Medical College and the Assistant Director of Clinical Microbiology at Rush University Medical Center. She is an ASCP certified Medical Technologist.

Continuing education units will be offered based on 1.5 hours of instruction.

National Laboratory Training Network in Cooperation with State Public Health Laboratories in IA, IL, IN, KS, MI, MN, MI, NE, ND, OK, SD, TX and WI Presents:

ADVANCED MICROBIOLOGY SPECIMEN COLLECTION AND CULTURE WORK-UP SITE REGISTRATION FORM

Advanced Microbiology Specimen Collection and Culture Workup Session I	December 16, 2004 MW3505	1:00p.m.— 2:30p.m. EST
Advanced Microbiology Specimen Collection and Culture Workup Session II	January 11, 2005 MW3605	1:00p.m.— 2:30p.m. EST

Registration deadline is one week before each teleconference (12/9, 1/4)

_____ Anticipated number of participants at your site

The PowerPoint presentation and handouts will be posted on the Internet.

Return completed form and send by:

E-mail: mwoffice@nltn.org

or

Fax: 312-793-3304 or 312-793-6877

Upon receipt of your completed site registration form, the site representative will receive a confirmation letter via e-mail with instructions for dialing into the program and coordinating your site's participation in the teleconference. Please note, the only equipment needed to access the teleconference is a telephone (or speaker phone if several people are participating).
